

# PREMIUM GRIP – the non-slip panel for pigs

**PREMIUM GRIP** is a panel for pigs manufactured in a 2-component injection molding process which has achieved the classification “**very good**” in the DLG (German Agricultural Society) Fokus Test 5949F. The panel made of hard plastics and an elastic rubber coating is the perfect braking aid in the farrowing pen:

- slip-proof, resistant to abrasion and acids
- high level of safety for the animals when walking around or standing
- reduces the number of piglets crushed to death
- soft and elastic surface
- high lying comfort
- ideal for the combination with open plastic panels for maximum hygiene and cleanliness
- for straight and diagonal farrowing pens

Test result  
**VERY  
GOOD!**

**PREMIUM GRIP** is available in the following sizes:

PREMIUM GRIP 400 x 100 mm, 350 kg/ m<sup>2</sup>

PREMIUM GRIP 500 x 100 mm, 350 kg/ m<sup>2</sup>

PREMIUM GRIP 600 x 200 mm, 350 kg/ m<sup>2</sup>
