Cast Iron Step panels for farrowing pens

PREMIUMFLOOR has extended their range of products by a cast iron panel system for heavy and nursing sows.

As from now, the following products are available:

- ◆ Cast Iron Step - 635 mm wide x 1000 mm long (up to 350kg/m²)
- ◆ Cast Iron Step - 635 mm wide x 1000 mm long shoulder panel with percentage of slits < 5% (up to 350 kg/m²)

Slit width: 10 mm

Bar width: 13 mm

The cast iron panels with anti-slip profile come from Chinese production offering inexpensive purchasing prices for cost-oriented farmers.
